Action Pack:

A mini-mag for kids who want to do stuff
(suitable for kids from age 7)

Seeds + Beads Issue 2 April 2011

Brought to you by Whipup.net

Action Pack is for busy parents and creative energetic kids.

This action packed Mini-Mag for kids will educate and inspire children through creativity - feeding inquisitive minds, and challenging imaginations.

Action Pack is a printable Mini-Mag for kids in an easy downloadable PDF format. Priced at only \$5, and **with no advertising**, it is jam packed with 25 pages of craft projects, science experiments, gardening, cooking and drawing. Plus a bonus Easter supplement with cooking and natural experimental activities - everything a kid needs for a weekend (or two) of activities.

This Mini-Mag of activities has been thoroughly tested by kids who have made and played with these projects and given them the thumbs up!

In this pack you will find a whole slew of projects around the theme **Seeds & Beads**, with lots of delicious cooking, science experiments, simple craft projects and outdoor activities.

- ✗ Instructions to make garden lanterns & beaded dragonflies for your garden.
- ✗ How-to draw realistic & cartoon dragonflies - the good insect!. Plus lots of fun facts and interesting information throughout.
- ✗ Growing seeds - make seed bombs, recycled plant containers & bird seed treats + printable seed packets to save & store your seeds.
- ✗ Learn all about using edible seeds in your cooking, make cakes, crackers & salad sprinkles as well as a refreshing Lavender Lemonade!
- ✗ Plus an a bonus Easter supplement with a recipe for Hot Cross Spice Buns & Experiments with naturally dyeing eggs.

Our philosophy:

We see kids as **competent, creative and capable** people. We believe that our kids are resourceful and clever and we try to enable them to develop their independence and creative minds within a secure and nurturing environment.

We see learning opportunities everywhere. Learning should and can be fun. But we also know that parents are busy and cannot realistically be spending all weekend 'playing' with their kids. We want kids to get off the couch, away from the computer and learn the value and fun in making and doing stuff.
